

# Drug Abuse Policy

The University considers drug use to be a serious concern. As such, Students enrolled in Texas Christian University are subject to disciplinary action for the possession, manufacture, use, sale or distribution (by either sale or gift) of any quantity of any prescription drug or controlled substance or for being under the influence of any prescription drug or controlled substance, except for the use of an over-the-counter medication or for the prescribed use of medication in accordance with the instructions of a licensed physician. Controlled substances including but not limited to: marijuana, K2 and other synthetic cannabinoids, synthetic stimulants (such as bath salts), cocaine, cocaine derivatives, heroin, amphetamines, methamphetamines, barbiturates, steroids, LSD, GHB, edibles, Adderall, Rohypnol, and substances typically known as “designer drugs” such as “ecstasy.” Possession of paraphernalia associated with the use, possession or manufacture of a prescription drug or controlled substance is also prohibited (see [Code of Student Conduct section 3.2.10, Drugs](#)). Students having prohibited substances in their residence and students in the presence of these substances or paraphernalia may be subject to the same penalties as those in possession.

There are some instances where a student may be asked or required to submit to a drug screen examination. The minimum penalty for a first-time non-incident based positive drug screen will be referral to drug education counseling or to a drug treatment program and disciplinary action at the discretion of the Dean of Campus Life. A letter may be sent to the parents or guardians of any student under 21 years of age who had a positive drug screen.

The minimum penalty for a first-time violation of the Drug Abuse Policy for use or possession of a prescription drug or controlled substance may be disciplinary probation for a full year, participation in drug education and assessment, 80 hours of community service, and subject to random drug-testing for a full year. The student may be evicted from university housing, especially if the use or possession happened in a University-owned facility or at a University-sponsored event. The parents or guardians of any student found in violation of the drug policy may be contacted regarding the violation. Amount and type(s) of substance(s) found will be taken into consideration during sanctioning.

# Drug Abuse Policy

Any student who violates the Drug Abuse Policy for use or possession of a prescription drug or controlled substance for a second time or has an additional positive drug screen may be suspended from the University for at least one year. Readmission to the University will occur only after the suspended student provides proof of drug counseling and/or treatment from a licensed counselor or certified treatment program.

Possession of drug paraphernalia, including but not limited to “bongs”, pipes, hookahs and/or other devices that may be used to facilitate consumption of drugs, may subject a student to the same penalties as those imposed for use and possession of a prescription drug or controlled substance.

The penalty for a violation of the Drug Abuse Policy for sale, distribution, or manufacture of a prescription drug or controlled substance may be permanent expulsion from the University.

In all offenses, depending on the surrounding circumstances, additional disciplinary sanctions may be levied. Individual violations will accumulate over the course of a student's academic career.
